

Following is a list of mortgage servicer and/or property preservation contacts designed for officials of any municipality to assist in identifying the loan servicer and the designated staff for issues pertaining to vacant and abandoned properties.

Note: In some cases, the banking entity identified by a municipal official regarding a particular property may be a trustee and not the mortgage loan servicer. In those instances, please utilize the second section (marked in green) to contact the trustee to assist in identifying the loan servicer.

For additional information regarding the role of the trustee (and the loan servicer), please refer to the following web page at <https://safeguardproperties.com/servicer-contacts/>
